Prospectus.

This Literary Institution, situated in an agreeable and airy part of the city of St. Louis, was founded in 1829 by members of the Society of Jesus, incorporated by an Act of the State Legislature in 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 16,500 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 8,000 volumes.

The College Villa, near the city, commands an extensive view of the Mississippi river and surrounding country. In its ample buildings, spacious groves and recreation grounds, the students may spend their weekly holiday and the summer vacation, in a manner conducive alike to health and relaxation.

General Regulations.

The Academic Year consists of one *session*, beginning on the first Monday of September, and ending on the last Wednesday of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums, take place.

The *session* is divided into two *terms*—the first ending on the first of February, and the second on the last Wednesday of June. A thorough examination of all the classes is made at the close of each term. Every month the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence, and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. may be obtained, by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he come from another College, he will be required to present a certificate of good standing in the Institution which he has left. No one will be admitted for a shorter period than *one session*. No student will be received under the age of ten, nor over that of sixteen, unless he is considerably advanced in his studies.

Three times a year bulletins are sent to the parents or guardians of the students, to inform them of the conduct, health and improvement of their sons or wards.

Thursday is the weekly recreation day. On the first Thursday of every month the students, whose parents and guardians live in the city or vicinity, are allowed to visit them.

During the eight days' recess, which begins on the 24th of December, all who can conveniently visit their parents are permitted to do so. No other absence is allowed during the course of the session.

An experienced physician visits the Institution daily. The greatest care and attention are bestowed on the sick.

The Professors and the majority of the students are members of the Catholic Church. Pupils of every denomination are admitted, provided they are willing to attend, in a respectful manner, the public exercises of religious worship.

Instructions to Parents.

No advances will be made by the Institution for clothing, pocket money, or other expenses of the students. If parents, therefore, desire that the College procure any articles for their sons, a sum sufficient to meet the expense should be deposited with the Treasurer.

Each student, on entering, should be provided with at least two summer and two winter suits, six shirts, ten pairs of socks, six handkerchiefs, six towels, six napkins, two pairs of boots or shoes, etc.

The pocket money of the students must be deposited with the Treasurer, and it is the wish of the Faculty that no more than fifteen or twenty-five cents per week be allowed. When, at the end of the session, parents or guardians wish to have their children or wards sent home, they must give timely notice to the President, settle all accounts, and forward the necessary traveling expenses.

Parents living at a distance should appoint an agent in St. Louis or New Orleans, who will be responsible for the regular payment of all expenses, and to whom the children may be directed on leaving the University.

All letters sent or received by students, unless to or from parents, are subject to the inspection of the President.

Letters, etc., to be carefully directed, "ST. LOUIS UNIVERSITY, *corner Ninth Street and Washington Avenue, St. Louis, Mo.*"

Terms.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for board and tuition.

Prospectus.

This Literary Institution, situated on Washington Avenue between Ninth and Eleventh streets, in the city of St. Louis, was founded in 1829 by members of the Society of Jesus. It was incorporated by an Act of the State Legislature in 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 16,500 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 8,000 volumes.

The College Villa, near the city, commands an extensive view of the Mississippi river and surrounding country. In its ample buildings, spacious groves and recreation grounds, the students can spend their weekly holiday in a manner conducive alike to health and relaxation.

General Regulations.

The Academic Year consists of one *session*, beginning on the first Monday of September, and ending on the last Wednesday of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms*—the first ending on the first of February, and the second on the last Wednesday of June. A thorough examination of all the classes is made at the close of each term. Every month, the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the Commercial Course receive an honorary certificate, on completion of the course; and those who return for another year to attend the Course of Science, will be entitled to the degree of Bachelor of Science, on conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year, reports are sent to the parents or guardians of the students, to inform them of the conduct, health and improvement of their sons or wards.

Thursday is the weekly recreation day. On the first Thursday of every month, the students, whose parents or guardians live in the city or vicinity, are allowed to visit them.

During the eight days' recess, which begins on the 24th of December, all who can conveniently visit their parents, are permitted to do so. No other absence is allowed during the course of the session.

An experienced physician visits the Institution daily. The greatest care and attention are bestowed on the sick.

The Professors and the majority of the students are members of the Catholic Church. Pupils of every denomination are admitted, provided they are willing to attend, in a respectful manner, the public exercises of religious worship.

Instructions to Parents.

No advances will be made by the Institution for clothing, pocket money, Society or Library fees, postage, or other expenses of the students. If parents, therefore, desire that the College procure any articles for their sons, a sum sufficient to meet the expense should be deposited with the Treasurer.

Each student, on entering, should be provided with at least two summer and two winter suits, six shirts, ten pairs of socks, six handkerchiefs, six towels, six napkins, two pairs of boots or shoes, etc.

The pocket money of the students must be deposited with the Treasurer, and it is the wish of the Faculty that not more than fifteen or twenty-five cents per week be allowed. When at the end of the session, parents or guardians wish to have their children or wards sent home, they must give timely notice to the President, settle all accounts, and forward the necessary traveling expenses.

All letters sent or received by students, unless to or from parents, are subject to the inspection of the President.

Letters, etc., to be carefully directed, "St. Louis University, *corner Ninth Street and Washington Avenue, St. Louis, Mo.*"

Terms.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for board and tuition.

FOR DAY SCHOLARS.

Tuition per session of ten months, for all classes, including stationery	$ 60 00

FOR HALF BOARDERS.

Board and Tuition, per session of ten months, including stationery	$120 00

Courses of Instruction.

There are two distinct courses of study, the *Classical* and the *Commercial.*

Classical Course.

This course is designed to impart a thorough knowledge of the English, Greek and Latin Languages; of Mental and Moral Philosophy; of pure and mixed Mathematics; and of the Physical Sciences. It is completed in six years, and is intended to prepare a student for any career which he may desire to pursue, whether professional or commercial, etc. The students in this course are divided, according to their proficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more, for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class to which they are equal in other respects.

Course of Science.

Students of the Commercial Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote one year after their graduation to this object. During this additional year, they apply to the study of Metaphysics, Ethics, Mathematics and Astronomy, together with the members of the Class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry; and are further exercised in Literary and Scientific Composition.

At the termination of this year, they will receive the Degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

Preparatory.

Pupils who are not sufficiently advanced to enter the Classical or the Commercial Course, are received into the Preparatory Class, provided they know how to read, and are not under ten years of age.

FRENCH AND GERMAN.

The study of French and German is optional in either Course. Instruction in these languages is given without extra charge.

BRIEF OF HIS HOLINESS,

POPE LEO XIII,

ON THE OCCASION OF THE

GOLDEN JUBILEE OF THE ST. LOUIS UNIVERSITY.

Dilecto Filio Josepho Keller, e Societate Jesu, Moderatori Archigymnasii in civitate S. Ludovici constituti in America Septentrionali.

LEO P. P. XIII.

Dilecte Fili, salutem et Apostolicam Benedictionem. Ex tuis litteris ad Nos datis agnovimus quinquagesimum jam annum expleri, ex quo Archigymnasium istud ad Catholicæ juventutis bonum in ista illustri regione Deo favente constitutum fuit, ac tuis, eorumque queis praesides in votis esse, ut in hac solemni constitutionis ejus memoria vobis omnibus Nostrae Benedictionis solatium accedat.

Cum Nobis magnopere cordi sit, Dilecte Fili, Catholicam juventutem sanis doctrinis rectaque morum disciplina excoli, ut deinde Patriae et Ecclesiae praesidio ac ornamento esse valeat, plurimum gaudemus de incolumitate ac splendore Lycei istius in quo juvenes sincera ac solida institutione fruuntur, ac eximius, uti accepimus, docentium zelus in magna alumnorum et discipulorum frequentia refulget.

Libenter itaque hujus vestrae celebritatis occasione vobic omnibus paternae Nostrae dilectionis sensus testificamur, ac

vehementer cupimus ut auxiliante Domino haec Sedes litterarum et scientiarum uberibus doctrinae et virtutis fructibus majora in dies incrementa suscipiat.

Auctor ac largitor bonorum omnium Deus in te, Dilecte Fili, omnesque qui isthic in docendo ac discendo versantur bonitatis suae divitias propitius effundat, detque auspicem esse omnium gratiarum Apostolicam Benedictionem, quam in pignus paternae benevolentiae Nostrae, Vobis singulis universis peramanter impertimus.

Pontificatus Nostri Anno Secundo.

[L. S.] LEO P. P. XIII.

(TRANSLATION.)

To our Beloved Son, Joseph E. Keller, S. J., President of the St. Louis University, St. Louis, Mo.

LEO P. P. XIII.

Beloved Son, Health and Apostolical Benediction! We have learned from your letter addressed to Us, that the fiftieth year is now completed, since, by the favor of God, the St. Louis University was established in your illustrious land for the benefit of Catholic youth; and that you, and they over whom you preside, earnestly desire that, in the solemn commemoration of its establishment, the consolation of Our blessing may be granted to you all.

Now, as We have it greatly at heart, Beloved Son, that Catholic youth should be imbued with sound doctrine and with correct moral principles, so that they may hereafter be an ornament and a defence to their country and to the Church, We

sincerely rejoice at the prosperity and splendor of your Institution, in which youth receive a genuine and solid education, and in which, as we have understood, there shines forth a remarkable zeal in the Professors, amid a large number of students, both boarders and externs.

Willingly, therefore, do We, on the occasion of this your celebration, testify to you all, the sentiments of Our paternal affection; and We earnestly desire that, with the assistance of the Lord, that seat of letters and sciences may daily receive greater increase in plentiful fruits of learning and virtue.

May God, the Author and Giver of all good, mercifully pour forth on you, Beloved Son, and on all those who are there engaged in teaching and in study, the riches of His Bounty, and may He grant that the Apostolical Benediction, which, as a pledge of our paternal affection, We lovingly bestow on you, singly and collectively, may be an earnest of every grace.

Given at Rome, at St. Peter's, the 21st day of May, in the year 1879, the second year of Our Pontificate.

[Signed.] LEO P. P. XIII.

Note.—By a Rescript from the Propaganda, dated Rome, 23d March, 1879, and signed by the Secretary, J. B. Agnozzi, His Holiness grants "a special Apostolical Benediction to all those who are employed at the St. Louis University, according to their various duties, as also to the Patrons, Friends and Benefactors of the same."

PROSPECTUS.

This Literary Institution, situated on Washington Avenue, between Ninth and Eleventh streets, in the city of St. Louis, was founded in 1829 by members of the Society of Jesus. It was incorporated by an Act of the State Legislature in 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 20,000 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 8,000 volumes.

The College Villa, near the city, commands an extensive view of the Mississippi river and surrounding country. In its ample buildings, spacious groves and recreation grounds, the students can spend their weekly holiday in a manner conducive alike to health and relaxation.

General Regulations.

The Academic Year consists of one session, beginning on the first Monday of September, and ending on the last Wednesday of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms*—the first ending on the first of February, and the second on the last Wednesday of June. A thorough examination of all the classes is made at the close of each term. Every month, the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the Commercial Course receive an honorary certificate, on completion of the course; and those who return for another year to attend the Course of Science, will be entitled to the degree of Bachelor of Science, on conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year, reports are sent to the parents or guardians of the students, to inform them of the conduct, health and improvement of their sons or wards.

Thursday is the weekly recreation day. On the first Thursday of every month, the students, whose parents or guardians live in the city or vicinity, are allowed to visit them.

During the eight days' recess, which begins on the 24th of December, all who can conveniently visit their parents, are permitted to do so. No other absence is allowed during the course of the session.

An experienced physician visits the Institution daily. The greatest care and attention are bestowed on the sick.

The Professors and the majority of the students are members of the Catholic Church. Pupils of every denomination are admitted, provided they are willing to attend, in a respectful manner, the public exercises of religious worship.

Instructions to Parents.

No advances will be made by the Institution for clothing, pocket money, Society or Library fees, postage, or other expenses of the students. If parents, therefore, desire that the College procure any articles for their sons, a sum sufficient to meet the expense should be deposited with the Treasurer.

Each student, on entering, should be provided with at least two summer and two winter suits, six shirts, ten pairs of socks, six handkerchiefs, six towels, six napkins, two pairs of boots or shoes, etc.

The pocket money of the students must be deposited with the Treasurer, and it is the wish of the Faculty that not more than fifteen or twenty-five cents per week be allowed. When at the end of the session, parents or guardians wish to have their children or wards sent home, they must give timely notice to the President, settle all accounts, and forward the necessary traveling expenses.

All letters sent or received by students, unless to or from parents, are subject to the inspection of the President.

Letters, etc., to be directed, "St. Louis University, *corner Ninth Street and Washington Ave., St. Louis, Mo.*"

TERMS.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for board and tuition.

FOR DAY SCHOLARS.

Tuition per session of ten months, for all classes, including stationery, $ 60 00

FOR HALF BOARDERS.

Board and Tuition, per session of ten months, including stationery, $120 00

N. B.—Half Boarders dine at the University.

Courses of Instruction.

There are two distinct courses of study, the CLASSICAL and the COMMERCIAL.

CLASSICAL COURSE.

This course is designed to impart a thorough knowledge of the English, Greek and Latin Languages; of Mental and Moral Philosophy; of pure and mixed Mathematics, and of the Physical Sciences. It is completed in six years, and is intended to prepare the student for any career which he may desire to pursue, whether professional or commercial, etc. The students in this course are divided, according to their proficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more, for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class to which they are equal in other respects.

FIRST YEAR.

THIRD HUMANITIES.

This class is meant to impart chiefly an elementary knowledge of Latin and Greek. Besides furthering the pupil in Arithmetic, English, American History and Geography, it introduces him to the Classical course, and begins to fit him for professional life. While the Commercial branches are carefully attended to, the talent for classic culture is closely observed, and the pupil directed accordingly.

AUTHORS AND CLASS WORK.

Latin—Brooks' Epitome Historiæ Sacræ; Written and Oral Exercises.
English—Murray's Grammar and Exercises; Gilmour's Bible History; Comprehensive Geography No. 2; Elocution.
Arithmetic—Ray's Practical.
Writing—Lessons in Penmanship.
Christian Doctrine—Study of Catechism, with explanation.
Greek—Brooks' First Lessons.

SECOND YEAR.

SECOND HUMANITIES.

The object of this class is to develop more perfectly the knowledge of Greek and Latin in the idiom. The Commercial branches—English Grammar and Composition, History, Geography and Arithmetic—are continued, and much attention is paid to them, though the class is appreciated chiefly in proportion as it may promise graduation in the Classical Course.

AUTHORS AND CLASS WORK.

GREEK—Brooks' First Lessons; Exercises; Græca Minora.
LATIN—Yenni's Grammar; Exercises; Viri Romæ; Nepos; Cæsar.
ENGLISH—Murray's Grammar (continued); Exercises; Composition; Fredet's Modern History; Comprehensive Geography, No. 3; Elocution.
ARITHMETIC—Ray's (continued).
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

THIRD YEAR.

FIRST HUMANITIES.

This class cultivates talent for style in Epistolary, Narrative and Descriptive Composition. While the Classics are well cared for, and History and Geography, Arithmetic and Algebra are of daily recitation, Book-keeping and other branches suited to commercial life are not forgotten, even though the student is supposed to aim chiefly at success in a profession.

AUTHORS AND CLASS WORK.

GREEK—Yenni's Grammar; Arnold's Greek Exercises; Xenophon; St. Chrysostom.
LATIN—Yenni's Grammar (continued); Arnold's Latin Exercises; Ovid; Cicero de Senectute et Amicitia; Virgil.
ENGLISH—Comparative Grammar of the English, Greek and Latin Languages; Composition; Fredet's Modern History (continued); Comprehensive Geography No. 3, (continued); Elocution.
MATHEMATICS—Towne's Algebra.
BOOK-KEEPING—Crittenden's.
CHRISTIAN DOCTRINE—Perry's Instructions.

FOURTH YEAR.

POETRY.

In this class the student begins to study the nature of Poetry, and to familiarize himself with the various kinds of poetical composition. Original poems and essays form a daily exercise in class work, and the Greek and Latin authors are given as models for imitation.

AUTHORS AND CLASS WORK.

Greek—Prosody; Dialects; Arnold's Exercises (continued); Homer; St. Chrysostom.

Latin—Prosody; Arnold's Exercises (continued); Livy; Virgil; Horace.

English—Prosody; Hart's Composition and Rhetoric; Essays and Debates; Fredet's Ancient History; Mythology; Elocution.

Mathematics—Davies' Geometry.

Physics—Olmsted's Philosophy; Johnson's Chemistry—Lectures by the Professor.

Christian Doctrine—Perry's Instructions.

FIFTH YEAR.

RHETORIC.

This class is intended to impart a thorough knowledge of Rhetoric by means of a close criticism of literature, and the precepts of oratory. Historical composition is also carefully studied, and classic poetry is made to serve as a help to success in public speaking.

AUTHORS AND CLASS WORK.

GREEK—Demosthenes; Plato; Euripides or Sophocles; Composition.

LATIN—Horace; Cicero; Tacitus; Composition.

ENGLISH—Blair's Rhetoric; Quintilian; Debates; Oratorical Composition; Elocution.

MATHEMATICS—Davies' Plane and Spherical Trigonometry; Surveying.

PHYSICS—Olmsted's Philosophy (continued); Johnson's Chemistry (continued); Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference. Jouin's Evidences of Religion.

SIXTH YEAR.

PHILOSOPHY.

The object of this class is to perfect the mind by forming the habit of close and correct thought. Right principles of mental and moral science are carefully instilled, and from them the student is made to deduce logical conclusions.

AUTHORS AND CLASS WORK.

LOGIC, METAPHYSICS AND ETHICS—The Philosophy of St. Thomas; Lectures by the Professor; Dissertations and Discussions by the students. For collateral use: Liberatore, Sanseverino, Dmowski, Hill's Logic and General Metaphysics; Hill's Ethics.

MATHEMATICS—Church's Analytical Geometry; Peck's Differential and Integral Calculus.

ASTRONOMY AND MECHANICS—Snell's Olmsted; Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference: Jouin's Evidences of Religion.

COMMERCIAL COURSE.

This course embraces all the branches of a good English education. It is completed in four years, and prepares students for business, commercial pursuits, etc.

FIRST YEAR.

SECOND GRAMMAR CLASS.

In this class the student is made familiar with the principles of Arithmetic and Grammar, and with the main facts of United States History. English composition is a daily exercise wherein special attention is paid to the arrangement of words and the amplification of sentences.

AUTHORS AND CLASS WORK.

English—Murray's Grammar and Exercises; Goodrich's History of the United States; Comprehensive Geography, No. 2; Elocution.

Arithmetic—Ray's Practical.

Writing—Lessons in Penmanship.

Christian Doctrine—Study of Catechism, with explanation.

SECOND YEAR.

FIRST GRAMMAR CLASS.

This class completes the study of Arithmetic and Grammar, giving much time to the analysis of sentences and to the rules of punctuation. The epistolary and narrative styles of composition are made a specialty, and History and Geography are studied more thoroughly.

AUTHORS AND CLASS WORK.

English—Murray's Grammar (continued); Exercises; Epistolary Composition; Formby's Bible History; Comprehensive Geography, No. 3; Elocution.

Arithmetic—Ray's (continued).

Writing—Lessons in Penmanship.

Christian Doctrine—Study of Catechism, with explanation.

THIRD YEAR.

SECOND RHETORIC CLASS.

This class has for its subject matter the principles of Rhetoric, and aims at facility in the minor species of composition; more especially such as relate to commercial life. Besides Algebra, History and Geography, Book-keeping is taught daily, while at the same time the students are made to memorize from the masters of English Literature.

AUTHORS AND CLASS WORK.

English—Hart's Composition and Rhetoric; Essays; Debates; Fredet's Modern History; Comprehensive Geography, No. 3 (continued); Elocution.

Book-keeping—Crittenden's.

Arithmetic—Ray's (continued).

Mathematics—Towne's Algebra.

Christian Doctrine—Perry's Instructions.

FOURTH YEAR.

FIRST RHETORIC CLASS.

This class is meant to perfect the commercial student in Rhetoric and the higher styles of composition; as well as to further him in Mathematics and give him some knowledge of Logic, and the Natural Sciences.

AUTHORS AND CLASS WORK.

English — Rhetoric (Mill's Blair); Composition; Debates; Hill's Logic and General Metaphysics; Fredet's Ancient History; Mythology; Elocution.

Mathematics—Davies' Geometry; Plane and Spherical Trigonometry; Surveying.

Physics—Olmsted's Philosophy and Johnson's Chemistry.

Evidences of Christianity—Lectures. For reference: Jouin's Evidences of Religion.

FRENCH AND GERMAN.

The study of French and German is optional in either Course. Instruction in these languages is given without extra charge.

COURSE OF SCIENCE.

Students of the Commercial Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote one year after their graduation to the object. During this additional year, they apply themselves to the study of Metaphysics, Ethics, Mathematics and Astronomy, together with the members of the Class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry; and are further exercised in Literary and Scientific Composition.

At the termination of this year, they receive the Degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

PREPARATORY.

Pupils who are not sufficiently advanced to enter the Classical or the Commercial Course, are received into the Preparatory Department, provided they know how to read, and are not under ten years of age.

PREPARATORY CLASS.

ENGLISH—Sargent's Standard Third Reader; Webster's Elementary Spelling Book; Schuster's Abridged History of the Old and New Testaments; Comprehensive Geography, No. 2.

ARITHMETIC—Ray's Primary.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

CLASS OF RUDIMENTS.

LATIN—Brooks' Epitome Historiæ Sacræ.

ENGLISH—Murray's Grammar and Exercises; Webster's Elementary Spelling Book; Sargent's Standard Fourth Reader; Goodrich's History of the United States; Comprehensive Geography, No. 2 (continued); Elocution.

ARITHMETIC—Ray's Practical.

Societies.

The Philalethic Society

Was instituted in 1832, with the sanction of the Board and Faculty of the University. Its objects are to prepare its members for public speaking, and to furnish their minds with facts and arguments on historical, literary and philosophical questions. It possesses a spacious hall, which is elegantly fitted up and tastefully adorned with appropriate designs, and with representations of celebrated orators.

OFFICERS.

Prospectus.

This Literary Institution, situated on Washington Avenue, between Ninth and Eleventh streets, in the city of St. Louis, was founded in 1829, by members of the Society of Jesus. It was incorporated by an Act of the State Legislature in 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 20,000 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 8,000 volumes.

The College Villa, near the city, commands an extensive view of the Mississippi river and surrounding country. In its ample buildings, spacious groves and recreation grounds, the students can spend their weekly holiday in a manner conducive alike to health and relaxation.

General Regulations.

The Academic Year consists of one session, beginning on the first Monday of September, and ending in the last week of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms*—the first ending on the first of February, and the second in the last week of June. A thorough examination of all the classes is made at the close of each term. Every month, the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the Commercial Course receive an honorary certificate on completion of the course; and those who return for another year to attend the Course of Science, will be entitled to the degree of Bachelor of Science, on conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year, reports are sent to the parents or guardians of the students, to inform them of the conduct and improvement of their sons or wards.

Thursday is the weekly recreation day. On the first Thursday of every month, the students, whose parents or guardians reside in the city or vicinity, are allowed to visit them.

During the eight days' recess, which begins on the 24th of December, all who can conveniently visit their parents, are permitted to do so. No other absence is allowed during the course of the session.

None of the boarders are kept at the University, or at the Villa, during the summer vacation.

An experienced physician visits the Institution daily. The greatest care and attention are bestowed on the sick.

The Professors and the majority of the students are members of the Catholic Church. Pupils of every denomination are admitted, provided they are willing to attend, in a respectful manner, the public exercises of religious worship.

Instructions to Parents.

No advances will be made by the Institution for clothing, pocket money, Society or Library fees, postage, or other expenses of the students. If parents, therefore, desire that the College procure any articles for their sons, a sum sufficient to meet the expense should be deposited with the Treasurer.

Each student, on entering, should be provided with at least two summer and two winter suits, six shirts, ten pairs of socks, six handkerchiefs, six towels, six napkins, two pairs of boots or shoes, etc.

The pocket money of the students must be deposited with the Treasurer, and it is the wish of the Faculty that not more than fifteen or twenty-five cents per week be allowed. When at the end of the session, parents or guardians wish to have their children or wards sent home, they must give timely notice to the President, settle all accounts, and forward the necessary traveling expense.

All letters sent or received by students, unless to or from parents, are subject to the inspection of the President.

Letters, etc., to be directed, "St. Louis University, *corner Ninth Street and Washington Ave., St. Louis, Mo.*"

Terms.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for tuition.

FOR DAY-SCHOLARS.

Tuition per session of ten months, for all classes, including stationery	$60 00

FOR HALF-BOARDERS.

Board and Tuition, per session of ten months, including stationery	$120 00

N. B.—Half-Boarders dine at the University.

FOR BOARDERS.

Board and Tuition, per session of ten months, including stationery	$250 00
Washing, and mending of articles washed, per session of ten months	20 00
Physician's fee, per session of ten months	6 00

Students of Chemistry and Natural Philosophy, for the use of the apparatus, pay $10 per session.

Medicines and School Books are furnished, if parents desire it, at current prices.

When in urgent or difficult cases, the President shall deem it expedient to call in additional or special medical or surgical aid, any expenses incurred will be charged to the account of the student concerned.

Music, Drawing and Dancing are taught, if required, and form extra charges.

Diploma for Graduates in the Classical, Scientific, or Post-Graduate Course, $10.

Certificates for the completion of the Commercial Course, $5.

Payments must be made quarterly or semi-annually in advance. The account for board, etc, dates from the day of the student's entrance, whether at the beginning or in the course of a term.

Acknowledgments.

The President and Faculty wish to express their grateful acknowledgment for the following donations made to the Museum and Library during the past year:

Rev. B. Vines, Colejio de Belen, Havana: two copies of his Meteorological works.

A. J. P. Garesche, Esq., St. Louis: one vol. Plato, Gr.-Lat.

Mrs. General A. J. Smith, St. Louis: Minerals from Colorado; Earthenware of the Pueblo Indians; Postal Route Map U. S., by A. Bradley, Jr., 1804; Bound vol. St. Louis New Era, 1845.

Courses of Instruction.

The Courses of Study are chiefly two, the *Classical* and the *Commercial*. In addition to these, there are: First, the *Preparatory Course*, intended for such as are not sufficiently advanced to enter the lowest class of either of the above. Secondly, the *Scientific Course*, which is supplementary to the Commercial. Thirdly, the *Post-Graduate Course*, which is the complement of either the Classical or the Scientific, though it also admits any gentleman of superior culture. The branches taught in each of these five Courses of Study, and the object aimed at by each of their respective classes, are stated and explained in the following Plan of Studies.

1.—Preparatory Course.

Pupils who are not sufficiently advanced to enter the Classical or the Commercial Course, are received into the Preparatory Department, provided they know how to read, and are not under ten years of age.

FIRST YEAR.

ELEMENTARY CLASS.

English—Watson's Third Reader; Webster's Elementary Spelling Book; Schusters's Abridged History of the Old and New Testaments; Comprehensive Geography, No. 2.

Arithmetic—Ray's Primary.

Writing—Lessons in Penmanship.

Christian Doctrine—Study of Catechism, with explanation.

2d Term—Watson's Fourth Reader.

SECOND YEAR.

CLASS OF RUDIMENTS.

English—Murray's Grammar and Exercises; Webster's Elementary Spelling Book; Watson's Fifth Reader; Goodrich's History of the United States; Comprehensive Geography, No. 2 (continued); Elocution.

Arithmetic—Ray's Practical.

Writing—Lessons in Penmanship.

Christian Doctrine—Study of Catechism, with explanation.

2d Term—Latin—Brooks's Epitome Historiæ Sacræ.

2.—Classical Course.

This course is designed to impart a thorough knowledge of the English, Greek and Latin Languages; of Mental and Moral Philosophy; of Pure and Mixed Mathematics, and of the Physical Sciences, besides all the usual branches of a polite education. It is completed in six years, and is intended to prepare the student for any career which he may desire to pursue, whether professional or commercial, etc. The students in this course are divided, according to their proficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more, for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class to which they are equal in other respects

FIRST YEAR.

THIRD HUMANITIES

This class is meant to impart chiefly an elementary knowledge of Latin and Greek. Besides furthering the pupil in Arithmetic, English, American History and Geography, it introduces him to the Classical course, and begins to fit him for professional life. While the Commercial branches are carefully attended to, the talent for classic culture is closely observed, and the pupil directed accordingly.

AUTHORS AND CLASS WORK.

LATIN—Brooks's Epitome Historiæ Sacræ; Written and Oral Exercises.

ENGLISH—Murray's Grammar and Exercises; Gilmour's Bible History; Comprehensive Geography, No. 2; Elocution.

ARITHMETIC—Ray's Practical.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

2D TERM—GREEK—Brooks's First Lessons.

SECOND YEAR.

SECOND HUMANITIES.

The object of this class is to develop more perfectly the knowledge of Greek and Latin in the idiom. The Commercial branches—English Grammar and Composition, History, Geography and Arithmetic—are continued, and much attention is paid to them, though the class is appreciated chiefly in proportion as it may promise graduation in the Classical Course.

AUTHORS AND CLASS WORK.

GREEK—Brooks's First Lessons; Exercises; Græca Minora.
LATIN—Yenni's Grammar; Exercises; Viri Romæ; Nepos; Cæsar.
ENGLISH—Murray's Grammar (continued); Exercises; Composition; Fredet's Modern History; Comprehensive Geography, No. 3; Elocution.
ARITHMETIC—Ray's (continued).
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

THIRD YEAR.

FIRST HUMANITIES.

This class cultivates talent for style in Epistolary, Narrative and Descriptive Composition. While the Classics are well cared for, and History and Geography, Arithmetic and Algebra are of daily recitation, Book-keeping and other branches suited to commercial life are not forgotten, even though the student is supposed to aim chiefly at success in a profession.

AUTHORS AND CLASS WORK.

GREEK—Yenni's Grammar; Arnold's Greek Exercises; Xenophon; St. Chrysostom.
LATIN—Yenni's Grammar (continued); Arnold's Latin Exercises; Ovid; Cicero de Senectute et Amicitia; Virgil.
ENGLISH—Comparative Grammar of the English, Greek and Latin Languages; Composition; Fredet's Modern History (continued); Comprehensive Geography, No. 3, (continued); Elocution.

MATHEMATICS—Towne's Algebra.
BOOK-KEEPING—Mayhew's
CHRISTIAN DOCTRINE—Perry's Instructions.

FOURTH YEAR.

POETRY.

In this class the student begins to study the nature of Poetry, and to familiarize himself with the various kinds of poetical composition. Original poems and essays form a daily exercise in class work, and the Greek, Latin and English authors are given as models for imitation.

AUTHORS AND CLASS WORK.

GREEK—Prosody; Dialects; Arnold's Exercises (continued); Homer; St. Chrysostom.
LATIN—Prosody; Arnold's Exercises (continued); Livy; Virgil; Horace.
ENGLISH—Prosody; Hart's Composition and Rhetoric; Essays and Debates; Fredet's Ancient History; Mythology; Elocution.
MATHEMATICS—Davies's Geometry.
PHYSICS—Olmsted's Philosophy; Wurtz's Chemistry—Lectures by the Professor.
CHRISTIAN DOCTRINE—Perry's Instructions.

FIFTH YEAR.

RHETORIC.

This class is intended to impart a thorough knowledge of Rhetoric by means of a close criticism of literature, and the pre-

cepts of oratory. Oratorical composition is the chief object of practice, whilst historical composition is also carefully studied, and classic poetry is made to serve as a help to success in public speaking.

AUTHORS AND CLASS WORK.

GREEK—Demosthenes; Plato; Euripides or Sophocles; Composition.

LATIN—Horace; Cicero; Tacitus; Composition.

ENGLISH—Blair's Rhetoric; Quintilian; Debates; Oratorical Composition; Elocution.

MATHEMATICS—Davies's Plane and Spherical Trigonometry; Surveying.

PHYSICS—Olmsted's Philosophy (continued); Wurtz's Chemistry (continued); Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Religion.

SIXTH YEAR.

PHILOSOPHY.

The object of this class is to perfect the mind by forming the habit of close and correct thought. Right principles of mental and moral science are carefully instilled, and the student is prepared for professional studies and for the duties of life.

AUTHORS AND CLASS WORK.

LOGIC, METAPHYSICS AND ETHICS—The Philosophy of St. Thomas; Lectures by the Professor; Dissertations and Discussions by the students. For collateral use: Liberatore, Sanseverino, Dmowski, Hill's Logic and General Metaphysics; Hill's Ethics.

MATHEMATICS—Church's Analytical Geometry; Peck's Differential and Integral Calculus.

ASTRONOMY AND MECHANICS—Snell's Olmsted; Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Religion.

3.—Commercial Course.

This course embraces all the branches of a good English education. It is completed in four years, and prepares students for business, commercial pursuits, etc.

FIRST YEAR.

SECOND GRAMMAR CLASS.

In this class the student is made familiar with the principles of Arithmetic and Grammar, and with the main facts of United States History. English composition is a daily exercise, wherein special attention is paid to the arrangement of words and the amplification of sentences

AUTHORS AND CLASS WORK.

ENGLISH—Murray's Grammar and Exercises; Webster's Elementary Spelling Book; Watson's Fifth Reader; Goodrich's History of the United States; Comprehensive Geography, No. 2; Elocution.

ARITHMETIC—Ray's Practical.
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

SECOND YEAR.

FIRST GRAMMAR CLASS.

This class completes the study of Arithmetic and Grammar, giving much time to the analysis of sentences and to the rules of syntax and punctuation. The epistolary and narrative styles of composition are made a specialty, and History and Geography are studied more thoroughly.

AUTHORS AND CLASS WORK.

ENGLISH—Murray's Grammar (continued); Exercises; Epistolary Composition; Formby's Bible History; Comprehensive Geography, No. 3; Elocution.
ARITHMETIC—Ray's (continued.)
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

THIRD YEAR.

SECOND RHETORIC CLASS.

This class has for its subject matter the principles of Rhetoric, and aims at facility in the minor species of composition; more especially such as relate to commercial life. Besides Algebra, History and Geography, Book-keeping is taught daily, while at the same time the students are made to memorize from the masters of English Literature.

AUTHORS AND CLASS WORK.

ENGLISH—Hart's Composition and Rhetoric; Essays; Debates; Fredet's Modern History; Comprehensive Geography, No. 3 (continued); Elocution.

BOOK-KEEPING—Mayhew's.

ARITHMETIC—Ray's (continued).

MATHEMATICS—Towne's Algebra.

CHRISTIAN DOCTRINE—Perry's Instructions.

FOURTH YEAR.

FIRST RHETORIC CLASS.

This class is meant to perfect the commercial student in Rhetoric and the higher styles of composition; as well as to further him in Mathematics, and give him some knowledge of Logic and the Natural Sciences.

AUTHORS AND CLASS WORK.

ENGLISH—Rhetoric (Mill's Blair); Composition; Debates; Hill's Logic and General Metaphysics; Fredet's Ancient History; Mythology; Elocution.

MATHEMATICS—Davies's Geometry; Plane and Spherical Trigonometry; Surveying.

PHYSICS—Olmsted's Philosophy and Wurtz's Chemistry.

EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Christianity.

French and German.

The study of French or German is optional in either Course. Instruction in these languages is given without extra charge.

4.—Course of Science.

Students of the Commercial Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote to this object one year after their graduation. During this additional year, they apply themselves to the study of Metaphysics, Ethics, Mathematics and Astronomy, together with the members of the Class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry; and are further exercised in Literary and Scientific Composition.

At the termination of this year, they receive the Degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

5.—Post-Graduate Course.

The Post-Graduate course of Lectures was opened at the University, on Monday, Oct. 13, 1879, and continued till the 14th of April, with an intermission from December 15 to January 11.

Mental and Moral Philosophy, History, and Physical Science, were the subject matter of the course, and were treated by the following Professors:

Psychology	Rev. W. H. HILL, S. J.
Ethics	Rev. T. A. HUGHES, S. J.
History	Rev. J. N. POLAND, S. J.
Physics	Rev. J. F. RIGGE, S. J.

The Lectures were given on Mondays, Tuesdays, Wednesdays, and Fridays, at 6½–7½ P. M., in the hall of the Philalethic Society.

It is the intention of the Faculty to continue this course every year in future, varying the subject matter of the Lectures, for the benefit of those who may desire to attend it for more than one term.

At the termination of the course, such members of the class as have given satisfaction by regular attendance, may apply for the degree of Bachelor of Philosophy, which will be granted on condition that they pass an examination on theses, to be selected from the matter developed during the course, and present an original and creditable paper on a given subject.

The degree of A. M. will be bestowed after one term of Post-Graduate Lectures, faithfully and studiously attended, on those who have previously received the degree of A. B.

Application for either degree is at the option of the members of the class, and must be made in writing at least two weeks previous to the day fixed for the Commencement Exercises of this course.

Season Ticket for the Entire Course	$30 00
Fee for Diploma Ph. B. or A. M.	10 00

Students of this course will not board at the University. Graduates of the University, or of any College of the same grade, Students and Graduates of Law or Medicine, and young gentlemen of literary or scientific culture, will be admitted to the above course.

Societies.

The Philalethic Society

Was instituted in 1832, with the sanction of the Board and Faculty of the University. Its objects are to prepare its members for public speaking, and to furnish their minds with facts and arguments on historical, literary and philosophical questions. It possesses a spacious hall, which is elegantly fitted up and tastefully adorned with appropriate designs, and with representations of celebrated orators.

OFFICERS:

Rev. J. N. POLAND, S. J.	*President.*
Mr. T. M. KNAPP	*Vice-President.*
Mr. J. F. FOLEY	*Secretary.*
Mr. E. ARMIJO	*Treasurer.*
Mr. A. A. COALE. Mr. P. RING.	*Censors.*

The Philharmonic Society

Was formed under the auspices of the Faculty, in 1838. Its objects are to add solemnity to the celebration of religious, national and literary festivals, and to afford the young performer the best opportunity of perfecting himself in the theory and in the practice of Music.

PROSPECTUS.

This Literary Institution, situated on Washington Avenue, between Ninth and Eleventh Streets, in the City of St. Louis, was founded in 1829, by members of the Society of Jesus. It was incorporated by an act of the State Legislature, December 28, 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights, and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 20,000 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 8,000 volumes.

The College Villa, near the city, commands an extensive view of the Mississippi River and surrounding country. In its ample buildings, spacious groves, and recreation grounds, the students can spend their weekly holiday in a manner conducive alike to health and relaxation.

GENERAL REGULATIONS.

The Academic Year consists of one session, beginning on the first Monday of September, and ending in the last week of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms* — the first ending on the first of February, and the second in the last week of June. A thorough examination of all the classes is made at the close of each term. Every month the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence, and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the Commercial Course receive an honorary certificate on completion of the course; and those who return for another year to attend the Course of Science will be entitled to the degree of Bachelor of Science, on conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year reports are sent to the parents or guardians of the students, to inform them of the conduct and improvement of their sons or wards.

Thursday is the weekly recreation day. On the first Thursday of every month, the students whose parents or guardians reside in the city or vicinity are allowed to visit them.

During the eight days' recess, which begins on the 24th of December, all who can conveniently visit their parents are permitted to do so. No other absence is allowed during the course of the session.

None of the boarders are kept at the University, or at the Villa, during the summer vacation.

An experienced physician visits the Institution daily. The greatest care and attention are bestowed on the sick.

The Professors and the majority of the students are members of the Catholic Church. Pupils of every denomination are admitted, provided they are willing to attend, in a respectful manner, the public exercises of religious worship.

INSTRUCTIONS TO PARENTS.

No advances will be made by the Institution for clothing, pocket-money, society or library fees, postage, or other expenses of the students. If parents, therefore, desire that the College procure any articles for their sons, a sum sufficient to meet the expense should be deposited with the Treasurer.

Each student, on entering, should be provided with at least two summer and two winter suits, six shirts, ten pairs of socks, six handkerchiefs, six towels, six napkins, two pairs of boots or shoes, etc.

The pocket-money of students must be deposited with the Treasurer, and it is the wish of the Faculty that not more than fifteen or twenty-five cents per week be allowed. When, at the end of a session, parents or guardians wish to have their children or wards sent home, they must give timely notice to the President, settle all accounts, and forward the necessary travelling expenses.

All letters sent or received by students, unless to or from parents, are subject to the inspection of the President.

Letters, etc., to be directed, "ST. LOUIS UNIVERSITY, *corner Ninth Street and Washington Ave., St. Louis, Mo.*"

TERMS.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for tuition.

FOR DAY-SCHOLARS.

Tuition per session of ten months, for all classes, including stationery	$60 00

FOR HALF-BOARDERS.

Board and Tuition, per session of ten months, including stationery	$120 00

N. B. — Half-Boarders dine at the University.

FOR BOARDERS.

Board and Tuition, per session of ten months, including stationery	$250 00
Washing, and mending of articles washed, per session of ten months	20 00
Physician's fee, per session of ten months	6 00

Students of Chemistry and Natural Philosophy, for the use of the apparatus, pay $10 per session.

Medicines and school books are furnished, if parents desire it, at current prices.

When, in urgent or difficult cases, the President shall deem it expedient to call in additional or special medical or surgical aid, any expenses incurred will be charged to the account of the student concerned.

Music, Drawing, and Dancing are taught, if required, and form extra charges.

Diploma for Graduates in the Classical, Scientific, or Post-Graduate Course, $10.

Certificates for the completion of the Commercial Course, $5.

Payments must be made quarterly or semi-annually in advance. The account for board, etc., dates from the day of the student's entrance, whether at the beginning or in the course of a term.

ACKNOWLEDGMENTS.

The President and Faculty wish to express their grateful acknowledgment for the following donations made to the Museum and Library during the past year: —

Rev. U. Grassi, S. J. — Dictionary of the Kalispel Language.

Rev. J. G. Venneman, S. J. — Tooth of Mastodon.

Rudolph Mackwitz, Esq. — Electric Bell Piano.

H. B. Calfee, Bozeman, Montana — 60 Views Yellowstone Park.

Mrs. Gen. A. J. Smith — Pottery of Mexican Indians.

Mrs. Capt. P. Yore — Chinese ivory fan; English translation of Royaumont's Bible History, with numerous plates, London, 1691.

Hon. John Finn — Two Curious Indian Pipes.

Miss Ellen Whelan — Photograph Album Vatican Council, and a great variety of ancient coins, marbles, medals, etc.

Mr. B. M. Chambers — Coins, etc.

COURSES OF INSTRUCTION.

The Courses of Study are chiefly two, the *Classical* and the *Commercial*. In addition to these, there are: First, the *Preparatory Course*, intended for such as are not sufficiently advanced to enter the lowest class of either of the above. Secondly, the *Scientific Course*, which is supplementary to the Commercial. Thirdly, the *Post-Graduate Course*, which is the complement of either the Classical or the Scientific, though it also admits any gentleman of superior culture. The branches taught in each of these five Courses of Study, and the objects aimed at by each of their respective classes, are stated and explained in the following Plan of Studies.

1. — PREPARATORY COURSE.

Pupils who are not sufficiently advanced to enter the Classical or the Commercial Course are received into the Preparatory Department, provided they know how to read, and are not under ten years of age.

FIRST YEAR.

ELEMENTARY CLASS.

English — Independent Third Reader; Webster's Elementary Spelling-Book; Schuster's Abridged History of the Old and New Testaments; Comprehensive Geography, No. 2.

Arithmetic — Ray's Primary.

Writing — Lessons in Penmanship.

Christian Doctrine — Study of Catechism, with explanation.

Second Term — Independent Fourth Reader.

SECOND YEAR.

CLASS OF RUDIMENTS.

LATIN — Yenni's Grammar; Epitome Historiæ Sacræ.

ENGLISH — Murray's Grammar and Exercises; Webster's Elementary Spelling-Book; Independent Fifth Reader; Goodrich's History of the United States; Comprehensive Geography, No. 2 (continued); Object Lessons; Elocution.

ARITHMETIC — Ray's Practical.

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism, with explanation.

SECOND TERM — Brooks's Greek Lessons.

2. — CLASSICAL COURSE.

This course is designed to impart a thorough knowledge of the English, Greek, and Latin Languages; of Mental and Moral Philosophy; of Pure and Mixed Mathematics, and of the Physical Sciences, besides all the usual branches of a polite education. It is completed in six years, and is intended to prepare the student for any career which he may desire to pursue, whether professional or commercial. The students in this course are divided, according to their proficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class to which they are equal in other respects.

FIRST YEAR.

THIRD HUMANITIES.

This class is meant to impart chiefly an elementary knowledge of Latin and Greek. Besides furthering the pupil in Arithmetic, English, American History, and Geography, it introduces him to the Classical Course, and begins to fit him for professional life. While the Commercial branches are carefully attended to, the talent for classic culture is closely observed, and the pupil directed accordingly.

Authors and Class-Work.

Greek — Græca Minora.

Latin — Viri Romæ.

Yenni's Grammars, Etymology completed, easy parts of Syntax; Exercises in Latin and Greek.

English — Murray's Grammar, Etymology repeated, and the easier rules of Syntax; Exercises and Original Composition; Gilmour's Bible History; Comprehensive Geography, No. 2; Elocution.

Arithmetic — Ray's Practical.

Writing — Lessons in Penmanship.

Christian Doctrine — Study of Catechism, with explanation.

SECOND YEAR.

SECOND HUMANITIES.

The object of this class is to develop more perfectly the knowledge of Greek and Latin in the idiom. The Commercial branches — English Grammar and Composition, History, Geography, and Arithmetic — are continued, and much attention is paid to them, though the class is appreciated chiefly in proportion as it may promise graduation in the Classical Course.

AUTHORS AND CLASS-WORK.

GREEK — Græca Minora.

LATIN — Cæsar; Ovid.

Yenni's Grammars, Syntax; Arnold's Prose Composition, Latin and Greek.

ENGLISH — Murray's Grammar, Syntax; Murray's Exercises and Original Composition; Fredet's Modern History; Comprehensive Geography, No. 3; Elocution.

ARITHMETIC — Ray's (continued).

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism, with explanation.

THIRD YEAR.

FIRST HUMANITIES.

This class cultivates talent for style in Epistolary, Narrative, and Descriptive Composition. While the Classics are well cared for, and History and Geography, Arithmetic and Algebra are of daily recitation, Book-keeping and other branches suited to commercial life are not forgotten, even though the student is supposed to aim chiefly at success in a profession.

AUTHORS AND CLASS-WORK.

GREEK — First Term: Græca Minora. Second Term: Xenophon (selections).

LATIN — First Term: Cicero's Minor Works, Letters, etc. Second Term: Virgil's Minor Poems; Sallust.

Yenni's Grammars, Syntax finished, Prosody begun; Arnold's Prose Composition, Latin and Greek.

ENGLISH — Hart's Composition: Style, Figures, minor species of Composition; Fredet's Modern History (continued); Comprehensive Geography, No. 3 (continued); Elocution.

MATHEMATICS — Loomis's Algebra.

BOOK-KEEPING — Mayhew's.

CHRISTIAN DOCTRINE — Perry's Instructions.

FOURTH YEAR.

POETRY.

In this class the student begins to study the nature of Poetry, and to familiarize himself with the various kinds of poetical composition. Original poems and essays form a daily exercise in class-work, and the Greek, Latin, and English authors are given as models for imitation.

AUTHORS AND CLASS-WORK.

GREEK — Both Terms: Homer; Xenophon, or Græca Minora.

LATIN — First Term: Virgil's Æneid; Sallust. Second Term: Æneid, continued; Select Odes of Horace.

Yenni's Grammars, Prosody; Arnold's Prose Composition, Latin and Greek; Original Composition.

ENGLISH — Hart's Composition and Rhetoric, Style and Figures, repeated; Poetry, except Dramatic; Course of English Literature of the Nineteenth and Eighteenth Centuries; Elocution

MATHEMATICS — Loomis's Geometry.

PHYSICS — Olmsted's Philosophy; Wurtz's Chemistry — Lectures by the Professor.

CHRISTIAN DOCTRINE — Perry's Instructions.

FIFTH YEAR.

RHETORIC.

This class is intended to impart a thorough knowledge of Rhetoric by means of a close criticism of literature and the precepts of oratory. Oratorical composition is the chief object of practice, whilst historical composition is also carefully studied, and classic poetry is made to serve as a help to success in public speaking.

AUTHORS AND CLASS-WORK.

GREEK — First Term: Demosthenes on the Crown, or Philippics; Sophocles or Euripides. Second Term: St. John Chrysostom; Sophocles or Euripides.

LATIN — First Term: Cicero pro Milone; Horace's Select Odes and Ars Poetica. Second Term: Cicero pro Muræna, or de Lege Manilia; Tacitus's Agricola. Original composition in Latin and Greek.

ENGLISH — Blair's Rhetoric; Oratorical and Historical Composition, and Dramatic Poetry; Course of English Literature, Seventeenth, Sixteenth, and preceding Centuries; Elocution.

MATHEMATICS — Loomis's Plane and Spherical Trigonometry; Surveying.

PHYSICS — Olmsted's Philosophy (continued); Wurtz's Chemistry (continued); Lectures by the Professor.

EVIDENCES OF CHRISTIANITY — Lectures. For reference, Jouin's Evidences of Religion.

SIXTH YEAR.

PHILOSOPHY.

The object of this class is to perfect the mind by forming the habit of close and correct thought. Right principles of mental and moral science are carefully instilled, and the student is prepared for professional studies and for the duties of life.

AUTHORS AND CLASS-WORK.

LOGIC, METAPHYSICS, AND ETHICS — The Philosophy of St. Thomas; Lectures by the Professor; Dissertations and Discussions by the students. For collateral use: Liberatore, Sanseverino, Dmowski, Hill's Logic and General Metaphysics, Hill's Ethics.

MATHEMATICS — Loomis's Analytical Geometry; Loomis's Differential and Integral Calculus.

ASTRONOMY AND MECHANICS — Snell's Olmsted; Lectures by the Professor.

EVIDENCES OF CHRISTIANITY — Lectures. For reference, Jouin's Evidences of Religion.

3. — COMMERCIAL COURSE.

This course embraces all the branches of a good English education. It is completed in four years, and prepares students for business, commercial pursuits, etc.

FIRST YEAR.

SECOND GRAMMAR CLASS.

In this class the student is made familiar with the principles of Arithmetic and Grammar, and with the main facts of United States History. English Composition is a daily exercise, wherein special attention is paid to the arrangement of words and the amplification of sentences.

AUTHORS AND CLASS-WORK.

ENGLISH — Murray's Grammar and Exercises; Webster's Elementary Spelling-Book; Independent Fifth Reader; Goodrich's History of the United States; Comprehensive Geography, No. 2; Elocution.

ARITHMETIC — Ray's Practical.

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism, with explanation.

SECOND YEAR.

FIRST GRAMMAR CLASS.

This class completes the study of Arithmetic and Grammar, giving much time to the analysis of sentences and to the rules of syntax and punctuation. The epistolary and narrative styles of composition are made a specialty, and History and Geography are studied more thoroughly.

AUTHORS AND CLASS-WORK.

ENGLISH — Murray's Grammar (continued); Exercises; Epistolary Composition; Formby's Bible History; Comprehensive Geography, No. 3; Elocution.

ARITHMETIC — Ray's (continued).

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism with explanation.

THIRD YEAR.

SECOND RHETORIC CLASS.

This class has for its subject-matter the principles of Rhetoric, and aims at facility in the minor species of composition, more especially such as relate to commercial pursuits. Besides Algebra, History, and Geography, Book-keeping is taught daily, while at the same time the students are made to memorize from the masters of English Literature.

AUTHORS AND CLASS-WORK.

ENGLISH — Hart's Composition and Rhetoric; Essays; Debates; Fredet's Modern History; Comprehensive Geography, No. 3 (continued); Elocution.

BOOK-KEEPING — Mayhew's.

ARITHMETIC — Ray's (continued).

MATHEMATICS — Loomis's Algebra.

CHRISTIAN DOCTRINE — Perry's Instructions.

FOURTH YEAR.

FIRST RHETORIC CLASS.

This class is meant to perfect the commercial student in Rhetoric and the higher styles of Composition, as well as to further him in Mathematics, and give him some knowledge of Logic and the Natural Sciences.

AUTHORS AND CLASS-WORK.

ENGLISH — Rhetoric (Mill's Blair); Composition; Debates; Hill's Logic and General Metaphysics; Fredet's Ancient History; Mythology; Elocution.

MATHEMATICS — Loomis's Geometry; Plane and Spherical Trigonometry; Surveying.

PHYSICS — Olmsted's Philosophy and Wurtz's Chemistry.

EVIDENCES OF CHRISTIANITY — Lectures. For reference, Jouin's Evidences of Christianity.

FRENCH AND GERMAN.

The study of French or German is optional in either Course. Instruction in these languages is given without extra charge.

4. — COURSE OF SCIENCE.

Students of the Commercial Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote to this object one year after their graduation. During this additional year, they apply themselves to the study of Metaphysics, Ethics, Mathematics, and Astronomy, together with the members of the Class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry, and are further exercised in Literary and Scientific Composition.

At the termination of this year, they receive the Degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

5. — POST-GRADUATE COURSE.

The Post-Graduate Course of Lectures was introduced into the University in the month of October, 1879, and it has since been continued with good results.

Mental and Moral Philosophy, Anthropology, and History, are the subject-matter of the Lectures.

The course opens on Monday after Fair Week, in October, and closes about the middle of April, with an intermission of two weeks before and two weeks after Christmas.

The Lectures are given on Mondays, Wednesdays, and Fridays, at $6\frac{1}{2} - 7\frac{1}{2}$ P. M., in the hall of the Philalethic Society.

The general subject-matter will be distributed over several years, so as to vary the treatises for the benefit of those who may desire to attend for more than one term.

At the termination of the course, such members of the class as have given satisfaction by regular attendance may apply for the degree of Bachelor of Philosophy, which will be granted on condition that they pass an examination on theses to be selected from the matter developed during the course, and present an original and creditable paper on a given subject.

The degree of A. M. will be bestowed after one term of Post-Graduate Lectures, faithfully and studiously attended, on those who have previously received the degree of A. B.

Application for either degree is at the option of the members of the class, and must be made in writing at least two weeks previous to the close of this course.

Season Ticket for the Entire Course (5 months) . . .	$30.00
Fee for Diploma Ph. B. or A. M.	10.00

Students of this course will not board at the University.

Graduates of the University, or of any College of the same grade, students and graduates of Law or Medicine, and gentlemen of literary or scientific culture, will be admitted to the above course.

PROSPECTUS.

This Literary Institution, situated on Washington Avenue, between Ninth and Eleventh Streets, in the City of St. Louis, was founded in 1829, by members of the Society of Jesus. It was incorporated by an act of the State Legislature, December 28, 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights, and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The Library belonging to the Institution numbers over 23,000 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 6,000 volumes.

GENERAL REGULATIONS.

The Academic Year consists of one session, beginning on the first Monday of September, and ending in the last week of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms*—the first ending on the first of February, and the second in the last week of June. A thorough examination of all the classes is made at the close of each term. Every month the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the Commercial Course receive an honorary certificate on completion of the course; and those who return for another year to attend the Course of Science, will be entitled to the degree of Bachelor of Science, on conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year reports are sent to the parents or guardians of the students, to inform them of the conduct and improvement of their sons or wards.

Punctual attendance is earnestly recommended. Parents are regularly informed of the non-attendance of their sons, who, in case of absence, are invariably required to bring a note of excuse to the Prefect of Studies. In order that the lessons may be prepared with proper assiduity, parents are requested to insist on their sons studying at home for two or three hours every evening. When students are to be withdrawn from the Institution, due notice should be given to the President.

The College is opened every morning at 7½ o'clock. Those who come before the time of class proceed at once to the study hall, and devote the interval to private study. All the Catholic students are required to be present at 8½ o'clock to hear Mass, which begins at that hour. At 9 o'clock a. m. the regular exercises of class commence, and close at 4 p. m.

TERMS.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for tuition.

Tuition per session of ten months, for all classes, including stationery $60 00

Students of Chemistry and Natural Philosophy, for the use of the apparatus, pay $10 per session.

School books are furnished, if parents desire it, at current prices.

Diploma for Graduates in the Classical, Scientific or Post-Graduate Course, $10.

Certificates for the completion of the Commercial Course, $5.

Payments must be made quarterly or semi-annually in advance. The account for tuition, etc., dates from the day of the student's entrance, whether at the beginning or in the course of a term.

ACKNOWLEDGMENTS.

COURSES OF INSTRUCTION.

The Courses of Study are chiefly two, the *Classical* and the *Commercial*. In addition to these, there are: First, the *Preparatory Course*, intended for such as are not sufficiently advanced to enter the lowest class of either of the above. Secondly, the *Scientific Course*, which is supplementary to the Commercial. Thirdly, the *Post-Graduate Course*, which is the complement of either the Classical or the Scientific, though it also admits any gentleman of superior culture. The branches taught in each of these five Courses of Study, and the objects aimed at by each of their respective classes, are stated and explained in the following Plan of Studies.

1.—PREPARATORY COURSE.

Pupils who are not sufficiently advanced to enter the Classical or the Commercial Course are received into the Preparatory Department, provided they know how to read, and are not under ten years of age.

ELEMENTARY CLASS.

SECOND DIVISION.

READING—Independent Third Reader.
SPELLING—Webster's Elementary Spelling-Book.
HISTORY—Gilmour's Bible History.
GEOGRAPHY—Comprehensive, No. 2.
ARITHMETIC—Ray's Primary.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

FIRST DIVISION.

GRAMMAR—Murray's Small Grammar.
READING—Independent Fourth Reader.
SPELLING—Webster's Elementary Spelling-Book.
HISTORY—Gilmour's Bible History.
GEOGRAPHY—Comprehensive, No. 2.
ARITHMETIC—Ray's Practical—to Vulgar Fractions included.
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

CLASS OF RUDIMENTS.

LATIN—Yenni's Grammar; Epitome Historiæ Sacræ.
GREEK—(2d Term) Brooks's Greek Lessons.
ENGLISH—Murray's Grammar and Exercises; Webster's Elementary Spelling-Book; Independent Fifth Reader; Object Lessons; Elocution.
HISTORY—Hassard's United States.
GEOGRAPHY—Comprehensive, No. 2.
ARITHMETIC—Ray's Practical—Fractions to Proportion included.
WRITING—Lessons in Penmanship.
CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

2.—CLASSICAL COURSE.

This course is designed to impart a thorough knowledge of the English, Greek and Latin Languages; of Mental and Moral Philosophy; of Pure and Mixed Mathematics, and of the Physical Sciences, besides all the usual branches of a polite education. It is completed in six years, and is intended to prepare the student for any career which he may desire to pursue, whether professional or commercial. The students in this course are divided, according to their pro-

ficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class in which they are equal in other respects.

FIRST YEAR.

THIRD HUMANITIES.

This class is meant to impart chiefly an elementary knowledge of Latin and Greek. Besides furthering the pupil in Arithmetic, English, American History, and Geography, it introduces him to the Classical Course, and begins to fit him for professional life. While the Commercial branches are carefully attended to, the talent for classic culture is closely observed, and the pupil directed accordingly.

AUTHORS AND CLASS-WORK.

GREEK—Græca Minora.

LATIN—Viri Romæ.

Yenni's Grammars, Etymology completed, easy parts of Syntax; Exercises in Latin and Greek.

ENGLISH—Murray's Grammar and Exercises; Etymology repeated, and the easier rules of Syntax; Original Composition, Elocution.

HISTORY—Hassard's United States.

GEOGRAPHY—Comprehensive, No. 2.

ARITHMETIC—Ray's Practical—Proportion to the end.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

SECOND YEAR.

SECOND HUMANITIES.

The object of this class is to develop more perfectly the knowledge of Greek and Latin in the idiom. The Commercial branches—English Grammar and Composition, History, Geography, and Arithmetic—are continued, and much attention is paid to them, though the class is appreciated chiefly in proportion as it may promise graduation in the Classical Course.

AUTHORS AND CLASS-WORK.

GREEK—Græca Minora.

LATIN—Cæsar; Ovid.

Yenni's Grammars, Syntax; Arnold's Prose Composition, Latin and Greek.

ENGLISH—Murray's Grammar, Syntax; Murray's Exercises; Original Composition; Elocution.

HISTORY—Fredet's Modern History.

GEOGRAPHY—Comprehensive, No. 3.

ARITHMETIC—Ray's Practical—repeated.

ALGEBRA—Loomis's to Equations of Second Degree, inclusive.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

THIRD YEAR.

FIRST HUMANITIES.

This class cultivates talent for style in Epistolary, Narrative, and Descriptive Composition. While the Classics are well cared for, and History and Geography, Arithmetic and Algebra are of daily recitation, Book-keeping and other branches suited to commercial life are not forgotten, even though the student is supposed to aim chiefly at success in a profession.

AUTHORS AND CLASS-WORK.

GREEK — First Term: Græca Minora. Second Term: Xenophon (selections).

LATIN—First Term: Cicero's Minor Works, Letters, etc. Second Term: Virgil's Minor Poems; Sallust.

Yenni's Grammars, Syntax finished, Prosody begun; Arnold's Prose Composition, Latin and Greek.

ENGLISH — Hart's Composition; Style, Figures, minor species of Composition.

HISTORY—Fredet's Modern—completed.

GEOGRAPHY—Comprehensive, No. 3.

MATHEMATICS—Loomis's Geometry.

BOOK-KEEPING—Mayhew's University Book-keeping.

CHRISTIAN DOCTRINE—Perry's Instructions.

FOURTH YEAR.

POETRY.

In this class the student begins to study the nature of Poetry, and to familiarize himself with the various kinds of poetical composition. Original poems and essays form a daily exercise in class-work, and the Greek, Latin, and English authors are given as models for imitation.

AUTHORS AND CLASS-WORK.

GREEK—Both Terms: Homer; Xenophon, or Græca Minora.

LATIN — First Term: Virgil's Æneid; Sallust. Second Term: Æneid, continued; Select Odes of Horace.

Yenni's Grammars, Prosody; Arnold's Prose Composition, Latin and Greek; Original Composition.

ENGLISH—Hart's Composition and Rhetoric, Style and Figures, repeated; Poetry, except Dramatic; Course of English Literature of the Nineteenth and Eighteenth Centuries; Elocution.

HISTORY—Fredet's Ancient History.

MYTHOLOGY—White's.

MATHEMATICS—Loomis's Algebra (Radicals to end); Plane and Spherical Trigonometry.

PHYSICS — Olmsted's Philosophy; Wurtz's Chemistry—Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Religion.

FIFTH YEAR.

RHETORIC.

This class is intended to impart a thorough knowledge of Rhetoric by means of a close criticism of literature and the precepts of Oratory. Oratorical composition is the chief object of practice, whilst historical composition is also carefully studied, and classic poetry is made to serve as a help to success in public speaking.

AUTHORS AND CLASS-WORK.

GREEK—First Term: Demosthenes on the Crown, or Philippics; Sophocles or Euripides. Second Term: St. John Chrysostom; Sophocles or Euripides.

LATIN—First Term: Cicero pro Milone; Horace's Select Odes and Ars Poetica. Second Term: Cicero pro Muræna, or de Lege Manilia; Tacitus's Agricola. Original composition in Latin and Greek.

ENGLISH—Blair's Rhetoric; Oratorical and Historical Composition, and Dramatic Poetry; Course of English Literature, Seventeenth, Sixteenth, and preceding Centuries; Elocution.

MATHEMATICS—Loomis's Analytical Geometry; Surveying.

PHYSICS—Olmsted's Philosophy (continued); Wurtz's Chemistry (continued); Lectures by the Professor.

EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Religion.

SIXTH YEAR.

PHILOSOPHY.

The object of this class is to perfect the mind by forming the habit of close and correct thought. Right principles of mental and moral science are carefully instilled, and the student is prepared for professional studies and for the duties of life.

AUTHORS AND CLASS-WORK.

LOGIC, METAPHYSICS, AND ETHICS — The Philosophy of St. Thomas; Lectures by the Professor; Dissertations and Discussions by the students. For collateral use; Liberatore, Sanseverino, Dmowski, Hill's Logic and General Metaphysics, Hill's Ethics.

MATHEMATICS—Loomis's Differential and Integral Calculus.

ASTRONOMY AND MECHANICS—Snell's Olmsted; Lectures by the Professor.

EVIDENCES OF CHRISTIANITY— Lectures. For reference, Jouin's Evidences of Religion.

3.—COMMERCIAL COURSE.

This course embraces all the branches of a good English education. It is completed in four years, and prepares students for business, commercial pursuits, etc.

FIRST YEAR.

SECOND GRAMMAR CLASS.

In this class the student is made familiar with the principles of Arithmetic and Grammar, and with the main facts of United States History. English Composition is a daily exercise, wherein special attention is paid to the arrangement of words and the amplification of sentences.

AUTHORS AND CLASS-WORK.

ENGLISH—Murray's Grammar and Exercises; Webster's Elementary Spelling-book; Independent Fifth Reader; Elocution.

HISTORY—Hassard's United States.

GEOGRAPHY—Comprehensive, No. 2.

ARITHMETIC—Ray's Practical—Fractions to Proportion included.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

SECOND YEAR.

FIRST GRAMMAR CLASS.

This class completes the study of Arithmetic and Grammar, giving much time to the analysis of sentences and to the rules of syntax and punctuation. The epistolary and narrative styles of composition are made a specialty, and History and Geography are studied more thoroughly.

AUTHORS AND CLASS-WORK.

ENGLISH—Murray's Grammar and Exercises; Epistolary Composition; Elocution.

HISTORY—Hassard's United States.

GEOGRAPHY—Comprehensive, No. 3.

ARITHMETIC—Ray's Practical—Proportion to end.

WRITING—Lessons in Penmanship.

CHRISTIAN DOCTRINE—Study of Catechism, with explanation.

THIRD YEAR.

SECOND RHETORIC CLASS.

This class has for its subject-matter the principles of Rhetoric, and aims at facility in the minor species of composition, more especially such as relate to commercial pursuits. Besides Algebra, History, and Geography,

Book-keeping is taught daily, while at the same time the students are made to memorize from the masters of English Literature.

AUTHORS AND CLASS-WORK.

ENGLISH—Hart's Composition and Rhetoric; Essays; Debates; Elocution.
HISTORY—Fredet's Modern History.
GEOGRAPHY—Comprehensive, No. 3.
BOOK-KEEPING—Mayhew's University Book-keeping.
MATHEMATICS—(a.m.) Loomis's Algebra; (p.m.) Loomis's Geometry.
CHRISTIAN DOCTRINE—Perry's Instructions.

FOURTH YEAR.

FIRST RHETORIC CLASS.

This class is meant to perfect the commercial student in Rhetoric and the higher styles of composition, as well as to further him in Mathematics, and give him some knowledge of Logic and the Natural Sciences.

AUTHORS AND CLASS-WORK.

ENGLISH—Rhetoric (Mill's Blair); Composition; Debates; Elocution.
LOGIC—Hill's Logic and General Metaphysics.
HISTORY—Fredet's Ancient History.
MYTHOLOGY—White's Mythology.
MATHEMATICS—(a.m.) Loomis's Algebra (completed); Loomis's Plane and Spherical Trigonometry; (p.m.) Analytical Geometry and Surveying.
PHYSICS—Olmsted's Philosophy, and Wurtz's Chemistry.
EVIDENCES OF CHRISTIANITY—Lectures. For reference, Jouin's Evidences of Christianity.

FRENCH AND GERMAN.

The study of French or German is optional in either Course. Instruction in these languages is given without extra charge.

4.—COURSE OF SCIENCE

Students of the Commercial Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote to this object one year after their graduation. During this additional year, they apply themselves to the study of Metaphysics, Ethics, Mathematics, and Astronomy, together with the members of the Class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry, and are further exercised in Literary and Scientific Composition.

At the termination of this year, they receive the degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

5.—POST-GRADUATE COURSE.

The Post-Graduate Course of Lectures was introduced into the University in the month of October, 1879, and it has since been continued with good results.

Mental and Moral Philosophy, Anthropology and History, are the subject-matter of the Lectures.

The course opens on Monday after Fair Week, in October, and closes about the middle of April, with an intermission of two weeks before and two weeks after Christmas.

The Lectures are given on Mondays, Wednesdays, and

Fridays, at $6\frac{1}{2} - 7\frac{1}{2}$ p.m., in the hall of the Philalethic Society.

The general subject-matter will be distributed over several years, so as to vary the treatises for the benefit of those who may desire to attend for more than one term.

At the termination of the course, such members of the class as have given satisfaction by regular attendance may apply for the degree of Bachelor of Philosophy, which will be granted on condition that they pass an examination on theses to be selected from the matter developed during the course, and present an original and creditable paper on a given subject.

The degree of A.M. will be bestowed after one term of Post-Graduate Lectures, faithfully and studiously attended, on those who have previously received the degree of A. B.

Application for either degree is at the option of the members of the class, and must be made in writing at least two weeks previous to the close of this course.

Season Ticket for the Entire Course (5 months) . . .	$10.00
Fee for Diploma Ph. B. or A. M.	10.00

Graduates of the University, or of any College of the same grade, students and graduates of Law or Medicine, and gentlemen of literary or scientific culture, will be admitted to the above course.

SOCIETIES.

THE PHILALETHIC SOCIETY

Was instituted in 1832, with the sanction of the Board and Faculty of the University. Its objects are to prepare its members for public speaking, and to furnish their minds with facts and arguments on historical, literary, and philosophical questions. It possesses a spacious hall, which is elegantly fitted up and tastefully adorned with appropriate designs, and with representations of celebrated orators.

OFFICERS:

Mr. E. J. GLEESON, S. J., . .	*President.*
Mr. S. C. CHURCH, ...	*Vice-President.*
Mr. ABRAHAM BLOCK, . . .	*Secretary.*
Mr. JOHN HARKINS, ...	*Treasurer.*
Mr. A. J. KANNE, } Mr. E. S. SMITH, }	*Censors.*

THE STUDENTS' LIBRARY

Was established to encourage useful reading. A large collection of choice works, on various subjects, by the best ancient and modern writers, is accessible to the members.

OFFICERS:

PROSPECTUS.

This Literary Institution, situated on Washington Avenue, between Ninth and Eleventh Streets, in the City of St. Louis, was founded in 1829, by members of the Society of Jesus. It was incorporated by an Act of the State Legislature, December 28, 1832, under the name and style of "St. Louis University," and empowered to confer degrees and academical honors in all the learned professions, and generally "to have and enjoy all the powers, rights and privileges exercised by literary institutions of the same rank." It has experienced uninterrupted prosperity, has steadily advanced, and it offers the student every facility for acquiring a liberal education.

The Institution possesses a valuable Museum, which contains a great variety of specimens, both of Nature and of Art, collected from various quarters of the globe, especially from our own country; also a very beautiful and complete Philosophical and Chemical Apparatus. The library belonging to the Institution numbers over 25,000 volumes, embracing almost every branch of literature and science, and containing many rare and interesting works. The select libraries, open to the students, form a separate collection of over 6,000 volumes.

GENERAL REGULATIONS.

The Academic Year consists of one session, beginning on the first Monday of September, and ending in the last week of June, when the Annual Commencement, the conferring of degrees, and the distribution of premiums take place.

The *session* is divided into two *terms* — the first ending on the first of February, and the second in the last week of June. A thorough examination of all the classes is made at the close of each term. Every month the places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A. B. is conferred upon all those who, on examination, are found deserving of that distinction. Subsequently the degree of A. M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession.

Students of the English Course receive an honorary certificate on completion of the course; and those who return for another year to attend the Course of Science, will be entitled to the degree of Bachelor of Science, on the conditions specified below.

Every candidate for admission, who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the Institution which he has left.

Three times a year reports are sent to the parents or guardians of the students, to inform them of the conduct and improvement of their sons or wards.

Punctual attendance is earnestly recommended. Parents are regularly informed of the non-attendance of their sons, who, in case of absence, are invariably required to bring a note of excuse to the Prefect of Studies. In order that the lessons may be prepared with proper assiduity, parents are requested to insist on their sons studying at home for two or three hours every evening. When students are to be withdrawn from the Institution, due notice should be given to the President.

The college is opened every morning at $7^1/_2$ o'clock. Those who come before the time of class proceed at once to the study hall, and devote the interval to private study. All the Catholic students are required to be present at $8^1/_2$ o'clock to hear Mass, which begins at that hour. At 9 o'clock a. m. the regular exercises of class commence, closing at 4 p. m.

TERMS.

As the Institution is not endowed, it is entirely dependent for its support on the fees paid for tuition.

Tuition per session of ten months, for all classes, including stationery $60 00

Students of Chemistry and Natural Philosophy, for the use of the apparatus, pay $10 per session.

School books are furnished, if parents desire it, at current prices.

Diploma for Graduates in the Classical, Scientific or Post-Graduate Course, $10.

Certificates for the completion of the English Course, $5.

Payments must be made quarterly or semi-annually in advance. The account for tuition, etc., dates from the day of the student's entrance, whether at the beginning or in the course of a term.

ACKNOWLEDGMENTS.

The President and Faculty wish to express their grateful acknowledgment for the following donations made to the Museum and Library during the past year: —

COURSES OF INSTRUCTION.

The courses of Study are chiefly two, the *Classical* and the *English*. In addition to these, there are: First, the *Preparatory Course*, intended for such as are not sufficiently advanced to enter the lowest class of either of the above. Secondly, the *Scientific Course*, which is supplementary to the English. Thirdly, the *Post-Graduate Course*, which is the complement of either the Classical or the Scientific, though it also admits any gentleman of superior culture. The branches taught in each of these five Courses of Study, and the objects aimed at by each of their respective classes, are stated and explained in the following Plan of Studies.

1. — PREPARATORY COURSE.

Pupils who are not sufficiently advanced to enter the Classical or the English Course are received into the Preparatory Department, provided they know how to read, and are not under ten years of age.

ELEMENTARY CLASS.

2. — CLASSICAL COURSE.

This course is designed to impart a thorough knowledge of the English, Greek and Latin Languages; of Mental and Moral Philosophy; of Pure and Mixed Mathematics, and of the Physical Sciences, besides all the usual branches of a polite education. It is completed in six years, and is intended to prepare the student for any career which he may desire to pursue, whether professional or commercial. The students in this course are divided, according to their proficiency, into six classes, which correspond to the six years of the course.

When a student is admitted into the College, he is examined by the Prefect of Studies, and placed in the class which his previous attainments have qualified him to enter. The course is thus shortened by one year or more for such as have made some progress in classical studies. For those who are advanced in other branches, without any proficiency in the ancient languages, provision is made to fit them, by supplementary instruction in Latin and Greek, for the class in which they are equal in other respects.

FIRST YEAR.

THIRD HUMANITIES.

This class is meant to impart a complete knowledge of the rudiments of the Latin and Greek languages. Besides furthering the pupil in Arithmetic, English, American History, and Geography, it begins to fit him for professional life.

AUTHORS AND CLASS-WORK.

GREEK — Græca Minora.

LATIN — Viri Romæ.

Yenni's Grammars, Etymology completed, easy parts of Syntax; Exercises in Latin and Greek.

ENGLISH — Murray's Grammar and Exercises; Etymology repeated, and the easier rules of Syntax; Original Composition, Elocution.

HISTORY — Hassard's United States.

GEOGRAPHY — Comprehensive, No. 2.

ARITHMETIC — Ray's Practical — Proportion to the end.

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism, with explanation.

SECOND YEAR.

SECOND HUMANITIES.

The object of this class is to develop more perfectly the knowledge of Greek and Latin in the idiom. The Commercial branches — English Grammar and Composition, History, Geography, and Arithmetic — are continued, and much attention is paid to them, though the class is appreciated chiefly in proportion as it may promise graduation in the Classical Course.

Authors and Class-Work.

Greek — Græca Minora.

Latin — Cæsar; Ovid.

Yenni's Grammars, Syntax; Arnold's Prose Composition, Latin and Greek.

English — Murray's Grammar, Syntax; Murray's Exercises; Original Composition; Elocution.

History — Fredet's Modern History.

Geography — Comprehensive, No. 3.

Arithmetic — Ray's Practical, repeated.

Algebra — Loomis's, to Equations of Second Degree, inclusive.

Writing — Lessons in Penmanship.

Christian Doctrine — Study of Catechism, with explanation.

THIRD YEAR.

FIRST HUMANITIES.

This class cultivates talent for style in Epistolary, Narrative, and Descriptive Composition. While the Classics are well cared for, and History and Geography, Arithmetic and Algebra are of daily recitation, Book-keeping and other branches suited to commercial life are not forgotten, even though the student is supposed to aim chiefly at success in a profession.

AUTHORS AND CLASS-WORK.

GREEK — First Term: Græca Minora. Second Term: Xenophon (selections.)

LATIN — First Term: Cicero's Minor Works, Letters, etc. Second Term: Virgil's Minor Poems; Sallust.

Yenni's Grammars, Syntax finished, Prosody begun; Arnold's Prose Composition, Latin and Greek.

ENGLISH — Hart's Composition; Style, Figures, minor species of Composition.

HISTORY — Fredet's Modern, completed.

GEOGRAPHY — Comprehensive, No. 3.

MATHEMATICS — Loomis's Geometry.

BOOK-KEEPING — Mayhew's University Book-keeping.

CHRISTIAN DOCTRINE — Perry's Instructions.

FOURTH YEAR.

POETRY.

In this class the student begins to study the nature of Poetry, and to familiarize himself with the various kinds of poetical composition. Original poems and essays form a daily exercise in class-work, and the Greek, Latin, and English authors are given as models for imitation.

AUTHORS AND CLASS-WORK.

GREEK — Both Terms: Homer; Xenophon, or Græca Minora.

LATIN — First Term: Virgil's Æneid; Sallust. Second Term: Æneid, continued; Select Odes of Horace.

Yenni's Grammars, Prosody; Arnold's Prose Composition, Latin and Greek; Original Composition.

ENGLISH — Hart's Composition and Rhetoric, Style and Figures, repeated; Poetry, except Dramatic; Course of English Literature of the Nineteenth and Eighteenth Centuries; Elocution.

History — Fredet's Ancient History.

Mythology — White's.

Mathematics — Loomis's Algebra (Radicals to end); Plane and Spherical Trigonometry.

Physics — Olmsted's Philosophy; Wurtz's Chemistry — Lectures by the Professor.

Evidences of Christianity — Lectures. For reference, Jouin's Evidences of Religion.

FIFTH YEAR.

RHETORIC.

This class is intended to impart a thorough knowledge of Rhetoric by means of a close criticism of literature and the precepts of Oratory. Oratorical composition is the chief object of practice, whilst historical composition is also carefully studied, and classic poetry is made to serve as a help to success in public speaking.

Authors and Class-Work.

Greek — First Term; Demosthenes on the Crown, or Philippics; Sophocles or Euripides. Second Term: St. John Chrysostrom; Sophocles or Euripides.

Latin — First Term: Cicero pro Milone; Horace's Select Odes and Ars Poetica. Second Term: Cicero pro Muræna, or de Lege Manila; Tacitus's Agricola. Original composition in Latin and Greek.

English — Blair's Rhetoric; Oratorical and Historical Composition, and Dramatic Poetry; Course of English Literature, Seventeenth, Sixteenth, and preceding Centuries; Elocution.

Mathematics — Loomis's Analytical Geometry; Surveying.

Physics — Olmsted's Philosophy (continued); Wurtz's Chemistry (continued); Lectures by the Professor.

Evidences of Christianity — Lectures. For reference, Jouin's Evidences of Religion.

SIXTH YEAR.

PHILOSOPHY.

The object of this class is to perfect the mind by forming the habit of close and correct thought. Right principles of mental and moral science are carefully instilled, and the student is prepared for professional studies, and for the duties of life.

AUTHORS AND CLASS-WORK.

LOGIC, METAPHYSICS, AND ETHICS — The Philosophy of St. Thomas; Lectures by the Professor; Dissertations and Discussions by the students. For collateral use; Liberatore, Sanseverino, Dmowski, Hill's Logic and General Metaphysics, Hill's Ethics.

MATHEMATICS — Loomis's Differential and Integral Calculus.

ASTRONOMY AND MECHANICS — Snell's Olmsted; Lectures by the Professor.

EVIDENCES OF CHRISTIANITY — Lectures. For reference, Jouin's Evidences of Religion.

---

3. — ENGLISH COURSE.

This course embraces all the branches of a good English Education. It is completed in four years, and prepares students for business, commercial pursuits, etc.

FIRST YEAR.

SECOND GRAMMAR CLASS.

In this class the student is made familiar with the principles of Arithmetic and Grammar, and with the main facts of United States History. English Composition is a daily exercise, wherein special attention is paid to the arrangement of words and the amplification of sentences.

AUTHORS AND CLASS-WORK.

ENGLISH — Murray's Grammar and Exercises; Webster's Elementary Spelling-book; Independent Fifth Reader; Elocution.

HISTORY — Hassard's United States.

GEOGRAPHY — Comprehensive, No. 2.

ARITHMETIC — Ray's Practical — Fractions to Proportion included.

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism with explanation.

SECOND YEAR.

FIRST GRAMMAR CLASS.

This class completes the study of Arithmetic and Grammar, giving much time to the analysis of sentences, and to the Rules of Syntax and Punctuation. The epistolary and narrative styles of composition are made a specialty, and History and Geography are studied more thoroughly.

AUTHORS AND CLASS-WORK.

ENGLISH — Murray's Grammar and Exercises; Epistolary Composition; Elocution.

HISTORY — Hassard's United States.

GEOGRAPHY — Comprehensive, No. 3.

ARITHMETIC — Ray's Practical — Proportion to end.

WRITING — Lessons in Penmanship.

CHRISTIAN DOCTRINE — Study of Catechism, with explanation.

THIRD YEAR.

SECOND RHETORIC CLASS.

This class has for its subject-matter the principles of Rhetoric, and aims at facility in the minor species of composition. Besides Algebra, History and Geography, Book-keeping is taught daily,

while at the same time the students are made to memorize from the masters of English Literature.

AUTHORS AND CLASS-WORK.

ENGLISH — Hart's Composition and Rhetoric; Essays; Debates; Elocution.

HISTORY — Fredet's Modern History.

GEOGRAPHY — Comprehensive, No. 3.

BOOK-KEEPING — Mayhew's University Book-keeping.

MATHEMATICS — (a. m.) Loomis's Algebra; (p. m.) Loomis's Geometry.

CHRISTIAN DOCTRINE — Perry's Instructions.

FOURTH YEAR.

FIRST RHETORIC CLASS.

This class is meant to perfect the student in Rhetoric and the higher styles of Composition, as well as to further him in Mathematics, and give him some knowledge of Logic and the Natural Sciences.

AUTHORS AND CLASS-WORK.

ENGLISH — Rhetoric (Mill's Blair); Composition; Debates; Elocution.

LOGIC — Hill's Logic and General Metaphysics.

HISTORY — Fredet's Ancient History.

MYTHOLOGY — White's Mythology.

MATHEMATICS — (a. m.) Loomis's Algebra (completed); Loomis's Plane and Spherical Trigonometry; (p. m.) Analytical Geometry and Surveying.

PHYSICS — Olmsted's Philosophy, and Wurtz's Chemistry.

EVIDENCES OF CHRISTIANITY — Lectures. For reference, Jouin's Evidences of Christianity.

FRENCH AND GERMAN.

The study of French or German is optional in either course. Instruction in these languages is given without extra charge.

---

4. — COURSE OF SCIENCE.

Students of the English Course, who desire to pursue the study of the Sciences beyond the limits assigned in the foregoing scheme for said course, are invited to devote to this object one year after their graduation. During this additional year, they apply themselves to the study of Metaphysics, Ethics, Mathematics, and Astronomy, together with the members of the class of Philosophy in the Classical Course. They continue and complete the study of Physics and Chemistry, and are further exercised in Literary and Scientific Composition.

At the termination of this year, they receive the degree of Bachelor of Science, provided they give evidence of meriting it by general excellence of conduct, and by a successful examination in Mental and Physical Sciences.

5.—POST-GRADUATE COURSE.

The Post-Graduate Course of Lectures was introduced into the University in the month of October, 1879, and it has since been continued with good results.

Mental and Moral Philosophy, Anthropology, and History, are the subject-matter of the Lectures.

The course opens on Monday after Fair Week, in October, and closes about the middle of April, with an intermission of two weeks before, and two weeks after Christmas.

The Lectures are given on Mondays, Wednesdays, and Fridays, at 6½ – 7½ p. m., in the hall of the Philalethic Society.

The general subject matter will be distributed over several years, so as to vary the treatises for the benefit of those who may desire to attend for more than one term.

At the termination of the course, such members of the class who have given satisfaction by regular attendance may apply for the Degree of Bachelor of Philosophy, which will be granted on condition that they pass an examination on theses, to be selected from the matter developed during the course, and present an original and creditable paper on a given subject.

The degree of A. M. will be bestowed after one term of Post-Graduate Lectures, faithfully and studiously attended, on those who have previously received the degree of A. B.

Application for either degree is at the option of the members of the class, and must be made in writing at least two weeks previous to the close of this course.

Season Ticket for the Entire Course (5 months) . . .	$10.00
Fee for Diploma Ph. B. or A. M., ...	10.00

Graduates of the University, or of any College of the same grade, students and graduates of Law or Medicine, and gentlemen of literary or scientific culture, will be admitted to the above course.

ST. MARK'S ACADEMY

Was organized at the St. Louis University in 1876. Its object is the development of an active Catholic spirit, the defence of Catholic truths, especially in their bearing on civil society, and the cultivation of a taste for philosophical, literary, and scientific studies. The members are required to be practical Catholics, and must either have received a University degree, or be over twenty-one years of age, and gentlemen of education and good standing in society.

OFFICERS:

Rev. M. P. DOWLING, S. J., ...	*Director.*
WALTER J. BLAKELY, A. M., . . .	*President.*
EDW. J. O'BRIEN, LL. B., ...	*Vice-President.*
JOS. P. GOODWIN, Esq., ...	*Rec. Secretary.*
WM. H. LEPERE, A. M., ...	*Cor. Secretary.*
J. J. MALECEK, Esq., ...	*Treasurer.*
E. F. STONE, A. M., ...	*Counsellor.*

The meetings are held every alternate Tuesday, and the proceedings begin and end with a brief prayer.

Contributions of Lectures, Essays, Recitations, and Readings are purely voluntary, the subject of each paper being announced to the Academy at least two weeks before the same is to be delivered. To enable the gentlemen of the Academy to become acquainted beforehand with the subjects to be treated and to engage with greater profit in the discussion which follows the reading of each paper, the Secretary, a few days before each meeting, sends to every member a printed programme of the entertainment.

After the conclusion of the regular business, discussion is in order upon any topic that excites the interest of the members, or on which they desire to elicit the views of their colleagues. Such discussion must invariably be preceded by a clear statement of the question from the person presenting it.

Gentlemen introduced from time to time by members are welcomed and accorded, for that occasion, the privileges of honorary membership.

The diversity of tastes and pursuits on the part of the Academicians insures a variety of topics and profitable criticism, as will be apparent from the following list of subjects discussed within the last few months: —

LECTURE: "Solar Heat and its Application to Mechanics,"— with illustrations projected on a screen by means of the oxy-hydrogen light.
PROF. JOS. F. PRINCE, S. J.

PAPER: "Practical Sculpture," — an explanation of the *modus operandi* of an artist after he has secured an idea or "order."
J. J. MALECEK, ESQ.

DISCUSSION on "Time."
FRANK L. LINTON, LL. B.

READING: "Inkerman," — prefaced by critical remarks on the author of the poem and his contributions to Literature.
REV. H. M. CALMER, S. J.

PAPER: "Art Influence."
E. F. STONE, A. M.

DISCUSSION: "Theories of Life."
DR. LOUIS BOISLINIERE, JR.

PAPER: "The Mysteries of Science and what they Teach."
REV. M. P. DOWLING, S. J.

PAPER: "Some Signs of the Times and Comments Thereon," — dealing with the frauds and deceptions practised in trade, manufacture, and commerce generally.
W. J. BLAKELY, A. M.

Debate on the above paper gave rise to another paper presented by special request, and entitled: —

PAPER: "Some Signs of the Times from a Theological Point of View."
REV. M. M. HARTS, S. J.

RECITATION: "A Familiar Ghost," — an original sketch.
WM. H. LEPERE, A. M.

PAPER: "Theory of Ether Waves or the Material of Light."
JACOB SCHAEFFER, ESQ.

PAPER: "Scepticism and its Relation to Modern Thought."
CONDE B. PALLEN, A. M.

PAPER: "Comments on the Moral Import of Shakespeare's Richard III."
FRANCIS HOBEIN, A. M.

PAPER: "Slander of Clericals."
EDW. J. O'BRIEN, LL. B.

PAPER: "Some National Characteristics," — chiefly in their relations with the acquisition and distribution of wealth.
M. J. MERRICK, ESQ.
